

Microsoft FrontPage Introduction / Intermediate - 2 days

Course Objectives

Learn the essential skills of using Microsoft FrontPage to create a Web Site.

Prerequisites

Students do not need to have any knowledge of web design. Knowledge of a word processing package (e.g. Microsoft Word) would be useful.

Exercises

This course is instructor led, involving the utilisation of examples and exercises in a workshop environment.

Topics

The Fundamentals

- Starting Microsoft FrontPage
- Understanding the screen
