

Introduction to Working with WordPress – 1 day

This 1 day WordPress training course will give you a rapid introduction to this software to get you up and running as quickly as possible.

It is a hands-on course and includes lots of time for experiment with what you are being taught, try things out for yourself and ask questions.

By the end of this course you will be a confident WordPress user.

- A complete beginners' course that covers all of WordPress's basics.
- Plenty of one to one attention and time to ask questions.
- Friendly expert trainers, small groups and a comfortable place to learn.
- All the materials and extras that you'll need.
- Ongoing support and help with issues you have after the course.
