

Time Management – 1 Day

Introduction

This is a CPD accredited course with a value of 6 hours.

Have you ever felt overwhelmed by how much you had to do? Or felt you were allocating too much time to tasks that are nowhere near the top of your list? Do you often run late? Do you lack control over your workload? Do you have times when you feel you've been busy all day but just not accomplished anything? If you answered yes to these questions, then this course is for you!

Now more than ever it seems that there are massive pressures on our time. There are so many ways to keep in contact and be contactable that it can often feel that there's more to achieve than the time available.

Learning to manage your time will increase your productivity and reduce your stress levels. You will be able to relax, safe in the knowledge that you are focused on your most important tasks. This is especially useful at work where there is always pressure to achieve more in less time.

Overview

This course will show you how to use your time most effectively. You will return to work with a personalised Action Plan for how you can make lasting improvements to how you manage your time.

Being able to effectively manage our time and priorities can increase productivity and job satisfaction as well as reducing stress.

Our expert trainers can show you how to make sure that you are focusing your time and energy on your most important tasks. They will also show you how to spot and avoid 'time vampires' that consume your time.

Prerequisites

There are no prerequisites for this course as it is aimed at individuals who would like to manage their time more effectively primarily at work, but the techniques learnt will also be beneficial in all aspects of delegates' lives.
